

EPIGAP OSA product line SMDs

- In-house product line of various SMD types
- Binning of wavelength and / or radiant power
- Multichip solutions in SMD package possible (Bi-color, Dual, RGB)
- RoHS and REACH conform
- Different lenses for various emission angles (20°, 40°, 120°)

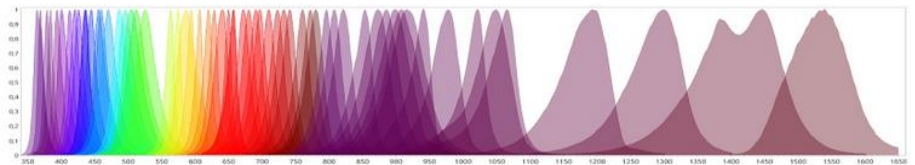

1.9 - 6.0 mm

Footprint min-max

365 - 1650 nm

Wavelength selection

5 – 1000 mA

Forward current from low to high power

Low power: 20 mA

Mid power: 100 – 350 mA

High power: 1000 mA

chip size: 280 – 380 μm

chip size: 400 – 550 μm

chip size: 750 – 1400 μm
